#### **Professional Experience**

Lawrence Ho joined Englekirk Institutional in 1986 leaving a stint in Houston, Texas. He has extensive design experience in institutional, commercial, and industrial type projects and has designed projects throughout seismic and hurricane active regions for over 30 years. His recent project experience includes the seismic retrofit of the iconic Hall of Justice in downtown Los Angeles, Leo J. Trombatore State Office Building Caltrans District 3, and multiple Belmont Senior Assisted facilities.

His responsibilities include primary client contact, selection and design of structural systems, direction of construction document preparation, and construction administration.

He is a registered Civil and Structural Engineer in the State of California, Arizona, Georgia, Indiana, Kentucky, Michigan, Minnesota, Missouri, and Texas.

#### **Education**

University of Houston, Texas, BS, Civil Engineering, 1979
